## FRIENDLY CITIZENS FINANCIAL DRIVE BEGINS TOMORROW

Representatives From Nine Churches Will Convene City.

## RICHARDSON IS DIRECTOR

Rev. G. L. C. Richardson, director of the Friendly Citizens part of the Interechurch World Movement campaign and his aids, at a meeting at the Y. M. C. A. last evening, laid plans for the beginning of the canvass of the city Sunday afternoon. The following churches were represented: Presbyterian, United Presbyterian, Christian, Baptist, Reformed, United Brethren, Church of the Brethren and Methodist Episcopal.

The team captains present, or their representatives, agreed to furnish 30 teams as follows: Presbyterians, four; Methodists, Episcopalians, five; Christians, three; Reformed, three; United Brethren, five; Church of the Brethren, two; First United Presbyterians, four; Baptists, five. The teams are to report at the Y. M. C. A. auditorium on Sunday afternoon at 2 o'clock. The only church not reporting was the Methodist Protestant. This church, however, is a part of the movement and will be represented in the Sunday canvass.

A list of several hundred individuals, stores, factories, banks, coal and coke companies and corporations has been carefully prepared and "it is sincerely hoped," says the director, "that Connelleville will take real pride in meeting its quota of \$5,520."

"Will not all those interested," the director continues, "take the matter under careful consideration between this and the time when the solicitors call upon you and have your minds made up as to what your proportion should be. One friendly citizen in New York gave \$3,000,000. A Fayette county man gave \$2,000, and several others gave \$500, \$250 and amounts of a like character. Corporations are looking upon the movement as worthy of their support and are volunteering their gifts. All the churches of Connelleville went over the top in their own canvass. Let us hope that the citizens' quota will be fully met."

## At the Theatres

## THE SOISSON.

"HEART OF THE HILLS"—In which Mary Pickford finds rich opportunity in a humorous story of primitive American life among hill-folk in "Ole Kaintuck," and uses it to reveal a versatility we glimpsed in "Stella Maris," will be presented Monday and Tuesday.

This production shows Mary as she has never been seen before. A mountain girl, afflicted with a harsh mother, she determines to issue an ultimatum proclaiming that all future bickery-stick holdings shall be abandoned, that she will "get" the man who murdered her father, and that no lowland aristocrats shall encroach upon the ancestral Hawn holdings.

Aside from her serious work in life, Mavis has a sweetheart who baits her hook, escorts her to the "shindig" and makes love to her in spare hours. The picture is crami-full of Pickfordisms and just the sort of a story the thousands of Pickford fans like to see Mary in.

## THE PAPAAMOUNT.

"THE GREAT WHITE TRAIL"—A big production, featuring an all star cast, and the third chapter of "The Silent Avenger," a powerful serial, are being presented today. Monday and Tuesday "Wolves of the Street," a story with plenty of action and lavish production of melodramatic scenes, will be shown.

Though "Wolves of the Street" picture a bitter conflict between men of vast wealth, the consequences depend on the energy and determination of the son of one of them. On his manly traits and on his courage in braving out of the dull routine of existence kings all the incidents and most of the feeling. The mood of the story, leading straight on to his success, is one of high optimism. This sort of melodrama will suit all classes. Edmund F. Cobb has caught the mood in his impersonation. Constantly alert, ever ready for action, he represents something, the American who fights to his last breath for his ideals. The scenes of infinite variety are short and swift. The whole production deserves to win, and there is little doubt that it will meet with decided success wherever shown.

## THE SOISSON.

"A DAUGHTER OF TWO WORLDS"—With Norma Talmadge in the lead, this is a big attraction today. The picture as a whole is a brilliant one (and all performances have attracted record breaking crowds, standing room being at a premium). The story is derived from a novel by Le Roy Scott and is made unusually interesting by the talented star and the intelligent director. The scenic effects are splendid throughout and the production is an elaborate piece of art. In the role of a girl who is compelled to live down a faint early life, Miss Talmadge is superb. The picture is one of the best in which the popular star has ever appeared. Its motive is to show the influence of environment on character, or that there is no excellence without opportunity. Miss Talmadge's support is excellent, honors falling to Frank Sheridan as Black Jerry Malone, Jack Crosby as Kenneth Harrison, Gilbert Rooney as Harry Edwards and Virginia Lee as Sue Harrison. A roaring two-reel comedy is also included in the program. The program, as a whole, is one of the best presented at the popular theatre in months.

## LAXATIVE for Aged People

### Chamberlain's Tablets

THE BANE of old age is constipation. The bow-  
els become weak and unable to perform their  
functions without aid. For this purpose only  
the mildest and gentlest laxative should be used.  
The use of harsh cathartics aggravates the trouble  
and makes the constipation worse. Chamberlain's  
Tablets are a favorite with people of middle age  
and older on account of their gentle action.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading  
Druggist of Covington, Ky., Who Has Made  
Special Study of Catarrh.

### Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is  
a disease not to be taken serious-  
ly are harshly rebuked by a Ken-  
tucky druggist who has for years  
been much interested in the  
growth of this loathsome, yet al-  
together too common disease.

He claims that the sore tender  
inflamed membrane of the nos-  
trils and throat is a prolific  
breeding ground for germs—not  
only the germs of influenza, but  
many other kinds as well.

If people would only stop ex-  
perimenting for two weeks and  
try a simple remedy made of  
Mentholized Arzene mixed with  
enough boiled water to make a  
full pint, half of the catarrh in  
this country would be abolished.  
It's really no joke for people

who don't know about this simple  
remedy to be constantly sniffing  
and snuffing blowing and hawk-  
ing, when all these obvious  
symptoms as well as the foul dis-  
charge can be made to disappear  
in a few days.

Ask for three-quarters of an  
ounce of Mentholized Arzene—  
that's all you need and after you  
have mixed it with enough boiled  
water to make a pint gargle the  
throat twice daily and snuff or  
spray serve to the nostrils, as di-  
rected.

The tender nostrils will soon  
lose their soreness, heal up, and be  
clean and healthy.

Important Reminder: Just as  
soon as anyone in the family gets  
a cold in the head, check it at once  
with this same medicine.

SATURDAY EVENING, MAY 1, 1920.

CODDLE THE RADICALS.

To the ordinary citizen who respects  
the law and has had a pride in Amer-  
ican institutions and the principles  
of our government, and who realizes  
the dangers that lurk in the bolshevik  
infected sections of our country, it is  
difficult to understand why men of the  
type of Attorney Margolis of Pittsburg  
have not been deported along with  
others perhaps less active in spread-  
ing revolutionary propaganda or less  
beneficial in their influence among the  
discontented and dissatisfied.

In the judgment of good citizens the  
proceedings in the Allegheny county  
courts to disbar Margolis from prac-  
tice merely serves to advertise this  
acknowledged enemy of law and order  
and extend rather than diminish his  
power and opportunities for evil.

Upon his own confession he is a  
syndicalist, an anarchist and atheist.  
He has advocated the use of force and  
counseled people to disobey the laws  
of the land. These admissions, and  
the evidence of his revolutionary be-  
liefs place him in the same, or a more  
dangerous, class than Berkeley and  
Goldman who were tried, convicted  
and deported for interfering with the  
draft.

Why, under the circumstances, the  
Department of Justice has not  
proceeded to deprive him of citizen-  
ship and send him to join his fellow  
radicals in soviet Russia, is one of  
the questions it is difficult for people  
to comprehend.

The revelations now being made be-  
fore the House Immigration com-  
mittee may tend, however, to clear up  
some of the mystery that has sur-  
rounded the failure of the government  
to send undesirable out of the country  
as rapidly as was announced  
would be done. According to testi-  
mony given the responsibility rests  
upon Louis F. Post, assistant sec-  
retary of labor. The explicit charge  
has been made that through the com-  
pliance of this official hundreds of  
persons connected with conspiracies  
against the government, and scheduled  
for deportation, were released and  
have since been permitted to spread  
their pernicious doctrines unhindered.  
Refusing to cooperate with the De-  
partment of Justice, the Department  
of Labor has been responsible for fail-  
ure to rid the country of several  
thousand members of the Communist  
labor party, the avowed purpose of  
which is to establish the soviet sys-  
tem in this country as their co-  
workers have done in Russia.

After all this is not surprising, the  
present Administration having so fre-  
quently exhibited its desire to coddle  
the radicals and given so many proofs  
that it is more in sympathy with some  
of the freak experiments in govern-  
ment than it is concerned in conserv-  
ing Americanism that does not wobble  
or veer about with every political  
wind that blows.

Twenty-two years ago today Admiral  
Dewey held a little celebration of May  
Day in Manila Bay which Spain re-  
members even now have forgotten it  
in the United States.

Having contributed your share to the  
financial part of the Interscholar World  
Movement, your next duty is to keep up  
the movement of yourself and family  
between home and the church each  
Sunday.

There is a definiteness in the an-  
nouncement of Federal Reserve Board  
on the price situation which  
rivals the pronouncements of the De-  
partment of Justice upon this vitally  
interesting subject. At least it would  
seem so to the statement that there is  
a "marked tendency of prices to  
resume their upward movement," which  
is followed by the conclusion that  
"it forecasts a slowing down in the  
skyrocketing of prices." From this the  
consumer can easily figure out that  
prices will be higher if they are not  
lower.

Heading gas leaks with a match still  
retains its rank as an exciting indus-  
trial sport.

Indications point to the early adop-  
tion by California of a "Speedy Skip-  
ping" policy.

The South Leads a Hand.

Springfield Republican.

The Boston Herald says that high  
prices are due to demagogues who  
spend public money recklessly. But  
when a cotton mill in the South re-  
ceives a 100 per cent stock dividend, it  
seems probable that politicians have  
not been without aid in boosting our  
living costs.

Where It Hits the Most of Us.

Wilmington News-Journal.

We read that Wilson wants to save  
the world and Bryan wants to save the  
Democratic party, but the rest of us  
are more interested in saving enough  
to pay the rent.

Open Holdings Openly Arrived At.

New Orleans States.

After mature deliberation we have  
reached the conclusion that the only  
difference between a thief and a burglar  
is that the former is daylight  
robber.

## Holy Writ in Reels

Louisville Courier-Journal.

It is not surprising that a moving  
picture producer has decided to pre-  
sent the Bible in 100 reels for movie  
fans.

Ours is an age pledged to ease, to  
skimming literature, glissando art,  
tearing through travel, cutting cor-  
ners in every particular. The mov-  
ing pictures cater to and illumine the  
popular taste. "Hamlet" as literature  
has charmed in each generation  
since it was written thousands of  
ages ago; tens of thousands delighted  
with a popular actor in "Hamlet,"  
upon the film, presented to our own  
generation. There is no reason why  
Pope's "Essay on Man," Lytton's  
"Advice to a Lady," Dr. Young's  
"Night Thoughts," or "The Anatomy  
of Melancholy" shouldn't be popular-  
ized by presentation upon the screen.

Darwin's "Origin of Species" could  
be sold as a show in the picture  
houses just as readily as his "Voyage  
of the Beagle," so flexible is the arc  
of the producers; so willing is the pub-  
lic to accept pictures of anything and  
everything rather than undergo the  
tedium of evenings under the student  
lamp.

The Bible is rich in picturesque  
description. Palestine lies almost un-  
changed by time, ready to the hand  
and camera of the picture producer,  
should a producer care to sacrifice  
enough of his time to leave South-  
ern California, which provides the  
scenery for anything from depiction  
of the discovery of the North Pole  
to adventures in the South Sea Is-  
lands.

In many homes in which the Bible  
is the child's book of wonders and  
of revelation, little read by others  
of the household than those who  
concede that children ought to be  
taught something about the Chris-  
tian religion, there will be a 100 per  
cent attendance at the picture show  
which presents the scenes and  
events of Holy Writ and "the multi-  
tude" so often mentioned by the  
inspired writers. "The largest num-  
ber of persons ever appearing in a  
motion picture will be assembled." That  
insures success. There is to the  
picture fan necromancy in num-  
bers. He and she and their children  
who would be referred to in the  
neutral gender in German, but are  
confirmed picture show patrons, al-  
ways are delighted by witnessing the  
spectacle of immense crowds upon  
the film.

The scholar tells you the Bible  
should be read by everyone who  
would acquire a thorough education,  
but so few persons do. They have  
time to read so thick a book. They  
must see 200 picture shows a year  
and their evenings are pretty thor-  
oughly occupied. To know the Bible  
from cover to cover will be to them  
a pleasure when they can make ac-  
quaintance with it with as little ef-  
fort as they become familiar with  
circus posters.

God bless the man who does his best,  
And all his life with cheer,  
Let him find happiness and rest  
And peace and comfort here!  
May victory be his in time,  
When he has proved his worth,  
And may his days be sweet with  
And fellowship and mirth.

God bless the man who does his best,  
Wherever he may be,  
Or north or south or east or west,  
On land or on the sea,  
May friends make glad his round of  
days,  
Success reward his care,  
And may he walk untroubled ways  
Through sunny skies and fair.

God bless the man who does his best,  
And guard him day and night;  
Grant him the courage for the test  
And let his heart be light.  
Console him when he is distressed,  
And when his hope grows dim,  
God bless the man who does his best,  
The world has need of him.

Never Saw Anything Better.  
For colds that "hang on" and for lingering coughs that follow the "flu," there is one safe, family cough medicine sold from the Atlantic to the Pacific. Mrs. A. B. Griffith, Box 154, Andrews, Ind., writes: "Last winter my family all had the 'flu.' I tried Foley's Money and Tar and never saw anything better. From now on I will not be without it in the house." Don't let children suffer from a cough or whooping cough when this reliable remedy can be so easily procured. Sold everywhere.—Adv.

Do Your Best.  
Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.—Adv.

## LOCAL DAYLIGHT SAVING NOT IN MUCH FAVOR HERE

Confusion That Would Result Is Held Against the Plan.

### OTHER ARGUMENTS ALSO

Rumors That Connellsville Authorities Planned to Adopt the System Are Denied; Greensburg Industries Go Back to Old Time After Tryout.

Although there had been rumors that an effort would be made to have Connellsville adopt daylight saving, no verification of this report can be secured. City council has taken no action. Opponents of the plan declare they do not wish to be confused as are the people living in McKeesport and Pittsburgh. Many are willing to see the light saving plan in force if it is used generally, but to have Connellsville adopt it as a city alone would be strongly opposed, it is said. Reports that the city was considering such a move had gone to the outside and reports of the proposed change were published in papers elsewhere, but authorities here declared they have no such plan in mind.

School authorities are against the move, claiming it is too hard on the child who needs considerable more sleep at night than does a mature person. The plan of individual daylight saving which has been advanced is for those who desire it to go to work an hour earlier in the morning and stop one hour earlier in the evening.

GREENSBURG, May 1.—On "again, on again, is where Greensburg finds itself on the line of day problem. Pretty nearly every one in Greensburg is working along the schedule of standard time, the change being made Thursday and Friday.  
The Kelly & Jones plant, south of town, decided, after a canvass of the employees, to go back to standard time and Friday the big plant began the day on the old system.  
The daylight saving proposition was short lived and exciting from most any point of view. Confusion was rampant, and rife. But now that the old regime has been established again, all is well in Greensburg.

Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Koehl.

## BASEBALL FUND COMMITTEE IS MAKING GOOD PROGRESS

Rate Money Is Coming in Amount Will Shortly Be Subscribed.

### VOLUNTARY DONATIONS

The committee of two delegated by the Connellsville baseball club to raise funds to enable the club to erect a grand stand and bleachers for the patrons of the independent games is meeting with unusual success. The merchants evidently realize the worth that a good, strong and fast team will mean to them in a business way. While the road of the fund committee is far from being lined with roses it is not meeting with any rebuffs, for which the committee is heartily thankful. The prize for the first voluntary subscriber goes to the Connellsville Foundry, Machine & Steel Castings company. Mr. Baker of the company looked up one of the committee and after presenting his card insisted that it not fail to call and get a contribution that was ready for the club at the office. The prize, as announced some time ago, will be the first ball that will be used in the independent opening game.

New Wilson came very near being the winner of the prize. As the members of the committee were passing his place of business on Pittsburg street, Newt called to them to come up as he had something for the club, forthwith handing the collectors his check. This is the spirit that is being shown. At many places that were visited the persons were out, otherwise the results of the day would surely have been much larger. A few instances encountered were that money was pledged with the instruction to call the first part of next week. At the rate this money is being received, providing the same continues, the club will have enough funds by the end of next week to begin operations on the stands for the opening game.

The amount of money necessary to start must be around the thousand-dollar figure. This will mean some strenuous work on the part of those who have this task, the collecting of the funds, to perform.

### BASEBALL CHIRPS.

This afternoon at 4:30, if it does not rain, the Everson Independents play the fast Trotter team at that place. In talking on the Everson outfit the Trotter team will get a good tryout. While no information has been given as to Everson's line up, the team must be above the average. This is judged by the teams that Manager Sewed has looked to play the Independents. The teams on Everson's schedule include the fast Homestead Grays, New Kensington and St. Vincent College, a strong aggregation of teams.

When the Connellsville Independents play their exhibition game with Newt Wilson's Stars it is predicted that Connellsville's best will have a rough road to travel to win. Newt has secured Pritchard to do the flipping for his team and also has secured the following players to give the Independents a real test: Becher, catcher; Andy Thomas, the city copper, at first; Bobby Wilson, second; Frazier, short; Lablak at third; Spitzer, cover; and Snyder in the outer garden. This bunch should make the locals step some.

A visit to Fayette Field yesterday disclosed the fact that instead of the recent heavy rains causing any damage to the field they have apparently been doing the grounds a world of good. With a day's work with the scraper to level it in places and the removal of the stones, then rolled, the diamond would be in first-class condition.

The Baltimore & Ohio Shops team is rounding into shape for the season. Things look favorable for winning the Baltimore & Ohio championship of the eastern leagues. A number of the candidates reported for practice. The team has a strong battery. Assistant Manager H. A. Adams reported he could not work out on account of injury. Mr. Adams has a piece of steel in his eye. He expects to be ready for a workout Monday morning. Manager S. Deucher, and Assistant Manager Adams and others of the team went to Pittsburg today to get uniforms. The color will be gray, trimmed in green, which they will wear for Monday morning's practice at Fayette Field. The schedule is well made up. There are a few open dates. The manager would like to hear from semi-pro teams.

Chris Jim, proprietor of the Paramount theatre shoe shine parlor, did a little bit by "kicking in" to the baseball fund, and he was one of those who came in on his own accord. If others who need horse collars to tie up their rolls would only follow his example what a happy world would be.

Bob McDowell has booked the strong Wilkesburg-Brushington Athletics for July 24. This is the last team that will be signed to meet the Connellsville Independents until the season advances. The Athletics last year won 24 games and lost seven. It cannot be said that the Independents are picking easy ones. The club is booked solid from May 15 to July 24. Do you want to see these games standing or sitting comfortably? It's up to you, neighbor.

Excellent and clean cut illustrations will be an important part of the Spalding Official Base Ball Guide for 1920.

The publishers always have made the "art gallery" one of the attractions for their annual work and this year have gone to greater effort than ever to give the base ball "fans" throughout the world an opportunity to get a real idea as to how the stars look in action and recent years contains a reproduction of the faces of every person who has been prominent in the base ball world.

In addition to the illustrations the Guide of 1920 contains the base ball rules in an entirely new form. The departure in publication is so radical that no base ball "fan" will wish to be without a copy. For the first time in the history of base ball the rules are provided with marginal index which is invaluable for reference. Players, umpires, officials and just plain "fans" will like it.

### BOXING.

Chaiky Winter, the aggressive little boxer of Fair Haven, who is favorably known here, is going like a house afire. His brother, Billy, is his manager and Billy is keeping him busy. Which leads us to add that this will be pleasant news to John Madison. Cause, why? Why, John is the proud brother-in-law of Chaiky and Eddie. Snugg.

## CARPENTIER TO BE SEEN IN ACTION IN PITTSBURG MONDAY

Contender for Dempsey's Crown Will Give Four-Round Exhibition With Sparring Partner.

Georges Carpentier, France's war hero and boxing idol will give the Pittsburg fans an opportunity to get a line on his ability Monday night at Duquesne Garden. The contender for Jack Dempsey's crown will center through a four-round exhibition with one of his sparring partners, probably Jules Lenares, the recently arrived Belgian light heavy-weight.

Georges Carpentier.

Close students of boxing will be glad to watch every move the French champion will make, although the bout will be just an exhibition, the opportunity of seeing this highly rated prize fighter in action will be watched with interest. He is rated as fast as James J. Corbett ever was, and Corbett himself speaks highly of him. Although an exhibition is far different from a regular scrap, most anyone can judge if Georges is overrated or not. In view of his prospective encounter with the champion he will no doubt be seen at his best.

Besides the exhibition, four other bouts are on the card. In the final one of 10 rounds Lou Boccia of Bridgeport, Conn., a first-class fighter, but who is not so well known in the West, will meet Charley Pitts of Australia.

Tonight's Bout:  
Kid Karpinski vs. Billy Roff, 5 rounds, Philadelphia; Jimmy Wilde vs. Bobby Dyson, 12 rounds, Lawrence, Mass.

## The Building Proposition

SHOULD BE GRAVELY CONSIDERED

NOW!

On March 17, 1920, we paid the P. & L. E. R. R. Co. \$611.84 freight on one single car load of siding and flooring lumber, with which to build houses. In addition to that we paid \$18.36 war tax, which is 3 per cent of that bill of freight. That was car S. P. No. 61611. Come in and see our freight bill and be convinced we are telling the truth.

Do you wonder why building material is high? But in view of the present railroad strike and a possible 20 per cent increase in freight rates would it not be wise to buy your lumber while our present supply lasts?
